BlackBerry® Connectivity

Jet Map II In-flight Tracking

## Hi-def. Hi-speed. Hi-fidelity. Hi future. Ovation® Select™—Cabin Connection Suite.

In this information-rich, time-sensitive world, passengers and crew demand access to the high-quality digital entertainment and communications they are accustomed to on the ground. Honeywell's line of digital solutions brings these capabilities together into a seamless in-flight experience. Honeywell's Ovation® Select™ cabin management system offers HD video, gaming and surround sound audio—with an intuitive, icon-based touchscreen user interface. Ovation Select is scalable, all-digital and easily adaptable to new-generation consumer electronics. Honeywell's MCS-7100 Series Satellite Communications (Satcom) and Cabin Gateway System gives passengers office-in-the-sky connectivity, Inmarsat SwiftBroadband high-speed data, crystal-clear voice connections and in-flight BlackBerry® messaging—all powered by SatcomDirect®, an industry leader in providing Satcom communications to the aviation industry. It's just another way of keeping your passengers grounded, even at 50,000 feet. **Engage Productivity.**
